## Intercom

Establish communication with another installed monitor inside the house. In the 2 apartments kit the option to call to another apartment is available as well.

## Playback

After 3 seconds the monitor automatically records a video (in case there is a micro SD Card installed) or a picture (in case there isn't) of the visitors. While answering, you also have the option to manually take a snapshot of your visit. The recorded videos/pictures from the outdoor panel will be played on the screen.

Capacity:  
118 pictures  
(without micro  
SD Card) or  
audio&video  
record up to 32G  
(with micro SD Card).

## do not disturb

Take your time to relax. Activate the Do not Disturb in 1 HOUR, 8 HOURS or ALWAYS.

## call record

All the calls from panel-to-monitor, monitor-to-monitor and between monitors will be recorded and can be reviewed afterwards.
